Subject: Case No. 09-50026 (REG)  
"G.M. UAW Retiree Settlement Agreement" objection (Prescription Drugs)

To All

I would like to submit a formal "Objection" to Transaction 363 and I would like to enter the reasons for my objections below –

- Some of the drug coverage that is listed as "no longer offered" is sometimes referred to as "Maintenance Drugs".
- We and our families were the ones that suffered through the hardships (strikes, etc) for these benefits.
- We often gave concessions to obtain these benefits.
- Many of us have achieved the age of 65 years, on Medicare and no longer a burden on the G.M. Health Plan except for the Medicare Part B Special Benefit.
- We are already losing the Dental and Vision portion of the Agreement.
- We cannot now join Medicare Part D without paying a penalty, and even if we pay the penalty our coverage would not begin until January 2010.

Summary:

As a 65 year old General Motors Retiree which has lost a large percentage of his investments (stocks, 401K) then to lose Vision, Dental, and have an increase in co-pays, etc. places a huge financial burden on all G.M. retirees.

Four things to consider-

1. Many retirees are on Medicare and no longer a burden to G.M. Healthcare except for the Medicare Part B Special Benefit of \$76.20 per month.
2. We cannot join Medicare Part D until January 2010.
3. When and if we can afford to join Medicare Part D we will have to pay penalties.
4. The prescription plan is the only thing we have left.

We are at a stage of our lives where we are no longer employable and are unable to re-join the work force so we can supplement the cost of our Prescription Drugs and other benefits lost.

Thank you, Ron Tanner, G.M. Retiree after 38 years of service.
